One of the leading manufacturers of
Glazed vitrified tiles (Porcelain Tiles)
We are known for its different and wide range
of surface collections which consist of latest technical
properties as well as innovative and unique designs.
Our innovative spirit has helped us to create a diverse
market appropriate product range that is an extremely
useful tool for architects, interior designers and builders
alike, We believe in technological innovations and
making tile manufacturing progressively safer and
more eco-friendly by offering eco-sustainable ceramic
products to the customers.

SERONA

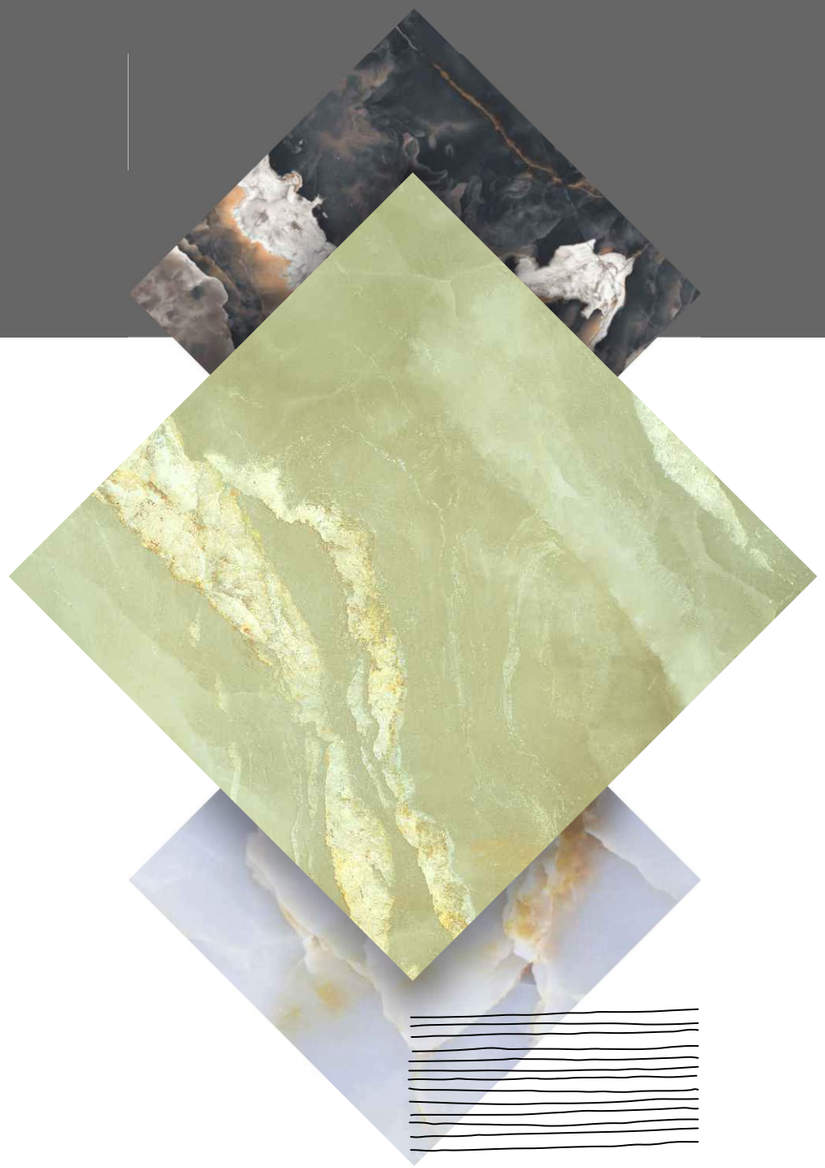

MULTIPLE SANSATION

A STORY THAT ADDS NEW CHAPTERS EVERY TIME. Hidden away in the varied multi-faceted appeal of marble are stories from the past and present pulsating with life. A fine line separates the artificial from the natural, when light spreads through and leaves its mark on surfaces strongly bonded with the living styles of the future.

The inspiration comes from Italian Living origin: the distinctive Marble and the deep Fusion Effects, both crossed through by white veins and with a small-medium grain.

The other colors start out from black, gradually shifting through dark and light grey to white. The subtle texture and veins, tempered a very light reminiscent Of the night sky in black, give the product a smooth, extremely sophisticated appearance.
